

Trans Health SA Directory

215 affirming practitioners and services across South Australia · Current as at 10 September 2026

Grouped by specialisation, then alphabetically by name within each. Practitioners listed under several specialisations appear under each. Other orderings are on the site.

Community-sourced and always changing — check transhealthsa.com/directory/ for the current list, and tell us at transhealthsa.com/practitioner-list-addition/ if an entry is wrong or someone is missing. Every entry prints its own page address; the full description, map and contact links live there.
